Are You Ready?

WHY SHOULD I PREPARE?

Everyone should have a plan.

Disasters come in many forms; explosions, hurricanes, tornadoes, and others. Being prepared can reduce fear, anxiety, and losses that accompany these disasters. Individuals, families, and communities should know what to do in the event of a fire and where to seek shelter during a tornado. Knowing what to expect and how to prepare makes any crisis more manageable.

Family Preparation Vehicles

The World's Best Airmen...

- PRE-STORM
 - Gas up all vehicles in preparation of evacuation and ensure maintenance of the vehicle
 - Check brakes, tires, battery, fire extinguisher, windshield wipers, road side kit
 - Pack an on-the-road safety kit (flashlight, tools, water/food).
 - Store fuel in an approved container. Never fill above 90% capacity.

Training, Fighting, Winning!

Family Preparation Vehicles

The World's Best Airmen...

- For vehicles not evacuating park in MFH park, in garage, or driveway
- Never park next to buildings with pea gravel roofs or trees
- Consider having your vehicles covered by comprehensive insurance for damage or loss
- Vehicles of members sheltering should park in accordance with the vehicle parking plan

Family Preparation Boats and RVs

The World's Best Airmen...

- Under the applicable lease agreements, owners of boats are responsible for removing their vehicle/boat before a storm
 - *Boats left in Marina slips on base will be anchored in the back bay*
- Ensure your boat and/or RV insurance is up to date or covers enough damage that may occur during a storm

Family Preparation Evacuation

The World's Best Airmen...

- Dependents will not be allowed to shelter on base
 - Have plan for dependents to evacuate, especially if you are a member of the Hurricane Response Team
- Pre establish your Safe Haven Location
- No shelter for pets on base, consider this in your Safe Haven planning
- Develop an Evacuation Plan and leave as soon as possible
 - Members have become stranded due to traffic jams, blocked roads and bridges, flooding, and lack of gas
- North: HWY 49, HWY 67, I-59, I-65, I-55 (farther from the coast better)
- Monitor radio for traffic information

Training, Fighting, Winning!

Family Preparation Evacuation

The World's Best Airmen...

- Mississippi Department of Transportation evacuation maps are available at the following locations:
 - Unit Emergency Management Representative
 - Keesler Office of Emergency Management
 - At this briefing!

Training, Fighting, Winning!

HURRICANE SAFETY

The World's Best Airmen...

- POST-STORM
 - Return when the area has been deemed safe by appropriate authorities
 - Be aware of electrical lines. Never attempt to move a downed power line
 - Use protective equipment such as gloves when cleaning up after the storm. Snakes, rats and other hazardous wildlife find debris piles to be a great place to live after storms
 - Many areas on base may be underwater
 - Avoid driving through or parking in low-lying areas
- Generator Safety
 - Never operate indoors
 - o Includes: garages, basements, crawlspaces, sheds)
 - o Can cause Carbon Monoxide (CO) poisoning

Mental Health**

Training, Fighting, Winning!

Hurricane Stress

The World's Best Airmen...

- Disasters such as a hurricanes can be sudden and overwhelming, even if you are prepared
- It's important to recognize that you have been exposed to a traumatic event and it is bound to affect you in some way
- It's common for people who have experienced traumatic situations to have strong emotional reactions
- There is no right or wrong way to feel or think: any reaction you have is valid; there is no standard pattern of reaction
- Be accepting of your own feelings and reactions as well as those of others
- Talking about the event can be very helpful
- Shock and denial are typical responses; they are normal protective responses
- Feelings may become intense and unpredictable; increased irritability

Hurricane Stress

The World's Best Airmen...

- There are several ways you can help restore emotional well being and a sense of control:
 - Recognize this is a challenging time but one you can manage. You have had other hardships so use the skills from past challenges
 - Allow yourself to mourn the losses you have experienced
 - Be patient with yourself; create routines and exercise
 - Take a news break! Watching replays of news footage can increase your stress
 - Engage in healthy behaviors: eat well, get plenty of rest, practice relaxation techniques, avoid alcohol and drugs
- When should I seek professional help?
 - **Individuals with prolonged reactions that disrupt daily functioning should consult with a trained mental health professional**

What is AFPAAS

The World's Best Airmen...

What is AFPAAS?

AFPAAS is the Air Force Personnel Accountability and Assessment System. It is a website designed to help Air Force personnel and their families directly affected by natural and man-made disasters.

- Update Current Accounting Status
- Update Contact/Location Information ("My Info" tab)
- Add/Remove Family Members
- Update Family Members Contact/Location Information

Why is AFPAAS needed?

The World's Best Airmen...

Why is AFPAAS needed?

- AFPAAS provides a tool to report your status, current location, update emergency contact information and request assistance.
- AFPAAS helps the Air Force leadership to account for personnel and to make decisions that support you and your family.

DEERs/AFPAAS?

The World's Best Airmen...

AFPAAS is driven by DEERs updates every 30 days around the end of the month. If your information is correct in DEERs, then your information in AFPAAS should be up to date.
